BY THE BOARD:

BACKGROUND/PROCEDURAL HISTORY

On August 19, 2010, Governor Chris Christie signed into law the Offshore Wind Economic Development Act ("The Act"), P.L. 2010, c. 57, which amends and supplements the Electric Discount and Energy Competition Act, N.J.S.A. 48:3-49 et seq. On February 10, 2011, the Board of Public Utilities ("Board") adopted N.J.A.C. 14:8-6.1 et seq., providing an application process and a framework under which the Board will review any application and ultimately approve, conditionally approve, or deny the application.

By Order dated May 16, 2011, in Docket No. EO11050290V, the Board opened an application window for 30 days for offshore wind projects in New Jersey territorial waters pursuant to N.J.S.A. 48:3-87.2. Fishermen's Atlantic City Windfarm, LLC ("FACW" or "the applicant"), submitted, on May 19, 2011, the only application to the Board.

Upon receipt of the application, Board staff immediately began the administrative review process pursuant to N.J.A.C. 14:8-6.4 et seq. The initial review uncovered administrative deficiencies which were outlined in letters to the applicant on June 2, 2011 and June 13, 2011. The applicant responded to the administrative deficiencies with written submissions on June 8, 2011 and June 14, 2011. Staff then determined that the application was administratively complete as of June 14, 2011, and provided such notice to FACW on June 22, 2011.

Pursuant to the Act, the Board has 180 days to conduct its review, and to approve, conditionally approve, or deny the application. N.J.S.A. 48:3-87.1(d). Pursuant to N.J.A.C. 14:8-6.3 and 6.4, the 180-day period for the Board's review began to run on June 14, 2011, when staff determined that FACW's application was administratively complete. Hence, the Board's review period was set to expire on December 11, 2011, unless the applicant consented to an extension of time. By letter dated November 23, 2011, the applicant consented to an initial additional 60 days of review, beyond the initial 180 days, which placed the requirement to act no later than February 8, 2012. By letter dated December 13, 2011, the applicant consented to an additional extension, which placed the requirement for the Board to act on or before March 21, 2012. By order dated December 15, 2011, Docket No. EO11050314V, the Board ordered that the review period be extended to March 21, 2012. By letter dated February 6, 2012, the applicant consented to an additional extension of time, which required the Board to act on FACW's application on or before April 11, 2012. By order dated February 10, 2012, Docket No. EO11050314V, the Board ordered that the review period be extended to April 11, 2012. By letter dated March 2, 2012, FACW requested an additional extension of the review period until October 31, 2012 and agreed to provide an amended application by April 20, 2012, in order to respond to the evaluation reports by Boston Pacific Company, the Board's consultant, and Acadian Consultants, consultant for the Division of Rate Counsel. By order dated March 12, 2012, Docket No. EO11050314V, the Board ordered that the review period be extended to October 31, 2012 and that FACW provide an amended application on or before April 20, 2012. By letter dated April 2, 2012, FACW notified the Board that it would not be able to submit the amended application by April 20, 2012. Accordingly, FACW requested an extension of the deadline for the submission of the amended application to June 1, 2012, and for an extension of the review period to December 31, 2012. By order dated April 12, 2012, Docket No. EO11050314V, the Board ordered that the review period be extended to December 31, 2012.

In addition to the Orders granting an extension of time for the Board to act upon FACW's application, the Board appointed President Robert M. Hanna as the presiding officer in this matter by Order dated January 18, 2012, Docket No. EO11050314V. As the presiding officer, President Hanna issued an initial prehearing Order on February 15, 2012, and amended Orders on August 28, 2012, and October 24, 2012.

On or about August 17, 2012, FACW requested a suspension of the procedural schedule in order to reassess its application. The presiding officer granted FACW's request in the August 28th order by suspending the prior procedural schedule. The August 28th Order also directed FACW to provide a written statement of its assessment along with any revisions to its application by September 17, 2012. On September 17th FACW submitted a letter that, in part, advised that it did not intend to revise its application. The parties (Board Staff, FACW, Rate Counsel, Atlantic City Electric Company, Jersey Central Power & Light Company, Public Service Electric & Gas Company and Rockland Electric Company) subsequently consented to and proposed a new procedural schedule, which requires Board action on the petition by April 30, 2013. FACW memorialized its consent to the procedural schedule in a letter dated October 24, 2012.

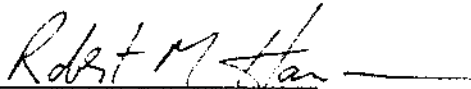

The Second Amended Prehearing Order dated October 24th acknowledged the consent of the parties to extend the application review period until April 30, 2013, and adopted the parties' proposed schedule.

FINDINGS and DISCUSSION

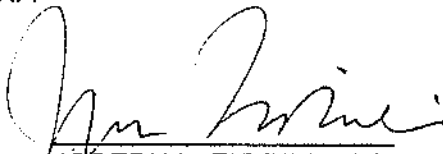

The Board has carefully considered staff's recommendations and **HEREBY FINDS** that FACW has consented to extend the time for the Board's review of its application. The extension until April 30, 2013 represents a fair and reasonable extension and is in the public interest. The Board **HEREBY ORDERS** that the review period to consider the above referenced application has been extended to April 30, 2013. The Board continues to recognize President Hanna as the appointed presiding officer in this manner.
