CLEAN ENERGY

IN THE MATTER OF THE CLEAN ENERGY PROGRAM
AUTHORIZATION OF COMMERCIAL AND)
INDUSTRIAL (C&I) PROGRAM ENERGY EFFICIENCY)
INCENTIVES EXCEEDING \$300,000)

ORDER

) DOCKET NO. EO11010013V

Marisa Slaten, DAG, Division of Law, Dept. of Law & Public Safety, 124 Halsey Street, Newark, New Jersey, 07101 on behalf of the Board of Public Utilities

Francis R. Casper, Atlanticare Mainland Campus, 2500 English Creek Road, Egg Harbor, NJ 08234

BY THE BOARD:

The New Jersey Board of Public Utilities' (the "Board") SMARTSTART Buildings Program ("SSBP" or "SMARTSTART"), Direct Install Program and Pay-for-Performance Program offer financial incentives to New Jersey property owners to encourage the installation of energy efficient products and technologies. Eligible applicants may receive incentives for a portion of the cost of installing energy efficient technologies such as lighting, HVAC, water heating or other measures in new or existing buildings.

Atlanticare Mainland Campus, Pomona, NJ, has submitted an application for a monetary incentive in the amount of \$1,461,574 under the Pay-for-Performance program. This rebate application, Docket Number EO11010013V, has a 21% energy savings above the base line, and is receiving an incentive of \$36,398 for the energy reduction plan (ERP), \$890,735 for replacement of steam valves, installation of economizer controls, custom electric measures, installation of variable frequency drives (VFDs) on kitchen hood fans, installation of VFD dampers to HVAC to reduce speed for unoccupied hours, installation of a new electric chiller, replacement of steam traps, weatherization, installation of vending misers, retrofit lighting, and installation of occupancy sensors, to be installed at 65 West Jimmie Leeds Road, Pomona, NJ, and an estimated \$534,441 for the one year true up of its ERP.

TRC, the Market Manager engaged by the Board to manage the New Jersey Clean Energy Program C&I energy efficiency programs, has submitted a certification that the incentives for which TRC now seeks approval to commit have been calculated in accordance with the

program policies and procedures, and that the listed amounts are the true and accurate estimated incentives for which each applicant is eligible. Further, Applied Energy Group, in its role as the NJCEP Program Coordinator, has reviewed the application and submitted a certification that the incentives for which TRC now seeks approval to commit have been calculated in accordance with the program policies and procedures, and that the listed amounts are the true and accurate estimated incentives for which each applicant is eligible. Based on the above, the Staff recommends that the Board approve the above referenced application.

The Board **HEREBY APPROVES** the aforementioned application for the incentive amounts requested and **AUTHORIZES** issuance of a standard commitment letter to the applicant identified above, setting forth the terms and conditions of these commitments.
