CABLE TELEVISION

IN THE MATTER OF THE PETITION OF COMCAST)	RENEWAL CERTIFICATE OF
OF MONMOUTH COUNTY, LLC FOR A RENEWAL)	APPROVAL
CERTIFICATE OF APPROVAL TO CONTINUE TO)	
CONSTRUCT, OPERATE AND MAINTAIN A CABLE)	
TELEVISION SYSTEM IN AND FOR THE)	
BOROUGH OF EATONTOWN, COUNTY OF)	
MONMOUTH, STATE OF NEW JERSEY)	DOCKET NO. CE13010060

Parties of Record:

Dennis C. Linken, Esq., Scarinci & Hollenbeck, for the Petitioner
Karen R. Siano, Clerk, Borough of Eatontown, New Jersey

BY THE BOARD:

On February 5, 1982, the Board of Public Utilities ("Board") granted Futurevision Cable Enterprises, Inc. ("Futurevision") a Certificate of Approval in Docket No. 7912C-6619 for the construction, operation and maintenance of a cable television system in the Borough of Eatontown ("Borough"). Through an internal reorganization approved by the Board, Futurevision became Storer Cable Communications of Monmouth County, Inc. d/b/a Storer Cable Communications ("Storer") and was the holder of the Certificate in the Borough. On June 4, 1992, the Board granted Storer a Renewal Certificate of Approval for the Borough in Docket No. CE92030266. Through a series of transfers with required Board approvals, Comcast Cablevision of Monmouth County, LLC ("Comcast") became the holder of the Certificate. On July 9, 2003, the Board granted Comcast a Renewal Certificate of Approval for the Borough in Docket No. CE03040291. Based on a name change, the current holder of the Certificate is Comcast of Monmouth County, LLC ("Petitioner"). Although by its terms the Petitioner's above referenced Certificate expired on February 5, 2012, the Petitioner is authorized to continue to provide cable television service to the Borough pursuant to N.J.S.A. 48:5A-25, pending disposition of proceedings regarding the renewal of its Certificate of Approval.

The Petitioner filed an application for the renewal of its municipal consent with the Borough on May 5, 2011, pursuant to N.J.S.A. 48:5A-23 and N.J.A.C. 14:18-13.1 et seq. The Borough, after public hearing, adopted a municipal ordinance granting renewal consent to the Petitioner on August 8, 2012. On November 15, 2012, the Petitioner formally accepted the terms and conditions of the ordinance. On January 25, 2013, pursuant to N.J.S.A. 48:5A-16, the Petitioner filed with the Board for a renewal of its Certificate of Approval for the Borough.

The Board has reviewed the application for municipal consent, the petition for a Renewal Certificate of Approval, and the municipal consent ordinance. Based upon this review and the recommendation of the Office of Cable Television, the Board **HEREBY FINDS** the following:

1. The Petitioner possesses the requisite legal, character, financial and technical qualifications for the awarding of a Renewal Certificate of Approval. Further, the Borough reviewed these qualifications in conjunction with the municipal consent process.
2. The design and technical specifications of the system will ensure that the Petitioner provides safe, adequate and proper service.
3. The Petitioner has represented that all previously required construction within the franchise territory is complete.
4. The franchise period as stated in the ordinance is 15 years, with an automatic renewal provision for a term of ten years thereafter in conformance with N.J.S.A. 48:5A-19 and N.J.S.A. 48:5A-25. The Board finds these periods to be reasonable.
5. The Borough may review the performance of the Petitioner with regard to the ordinance at its discretion. If the Borough determines that the Petitioner has failed to substantially comply with the material terms and conditions of the ordinance, the Borough shall provide written notice to the Petitioner of such alleged instances of non-compliance, and shall grant the Petitioner 90 days to cure such deficiency. The Borough may petition the Board for appropriate administrative action, including revocation of the franchise or reduction of the franchise term, but only after the 90-day opportunity to cure has passed and the deficiency has not been cured.
6. The Petitioner's rates shall be regulated and tariffs shall be filed for all services, in accordance with the rules and regulations of the Federal Communications Commission, the Board and the Office of Cable Television. The Petitioner shall maintain and file with the Board an informational schedule of prices, terms and conditions for unregulated service and promptly file any revisions thereto.
7. Pursuant to statutory requirements, the ordinance specifies a complaint officer to receive and act upon complaints filed by subscribers in the Borough. In this case, it is the Office of Cable Television. All complaints shall be received and processed in accordance with the applicable rules.

8. The Petitioner shall maintain a local business office or agent for the purpose of receiving, investigating and resolving complaints. Currently, the local business office serving this provision is located at 403 South Street, Eatontown, New Jersey.
9. The franchise fee to be paid to the Borough is specified to be 2% of the Petitioner's gross revenues from all recurring charges in the nature of subscription fees paid by subscribers for its cable television reception service in the Borough, and shall be increased as required by N.J.S.A. 48:5A-30. Additional regulatory fees shall be paid to the State in an amount not to exceed 2% of Petitioner's gross operating revenues derived from intrastate operations. The Board finds these fees to be reasonable.
10. The Petitioner shall provide service to any person's residence or business located in the franchise territory as indicated on the map on file with the Office of Cable Television at no cost beyond standard and non-standard installation charges. For any extension outside of the Primary Service Area, the Petitioner shall utilize the line extension policy ("LEP") attached to the Certificate. The minimum homes per mile figure is 35.
11. The Petitioner shall provide public, educational and governmental ("PEG") access channels and facilities in accordance with its renewal application and the ordinance. Specifically, the Petitioner shall maintain a system-wide public access channel and provide access time to non-commercial PEG entities on the channel. The Petitioner also maintains an educational access channel for Brookdale Community College.
12. The Petitioner shall record up to two events and/or promotional programs per year for the Borough for use on its access channels, with the Borough providing six weeks' notice in advance of the events to be recorded. The Petitioner shall also create up to two 30-second promotional spots per year for local not-for-profit or other organizations as designated by the Borough, with the Borough providing six weeks' notice for preparation of the spots. The Borough shall be solely responsible for choosing the organization. The Petitioner shall air the spots a total of 100 times each, run-of-schedule, over a four week period on its Monmouth County system.
13. Within 12 months of issuance of this Certificate, the Petitioner shall pay the Borough a one-time technology grant in the amount of \$38,500.00. Upon payment, the Petitioner shall provide the Office of Cable Television with proof of satisfaction of this obligation.
14. The Petitioner shall provide the installation of one outlet of basic cable television service, free of charge, to one instructional space in each school in the Borough, public and private, elementary and secondary. To qualify for free installation, the facility must be within 200 feet of the Petitioner's active cable television plant. The Petitioner shall provide three free digital converters to each public building.

15. The Petitioner shall provide the installation of one outlet of Total Preferred cable television service, free of charge, to each police, fire, emergency management facility, first aid, community or senior center, public works facility and public library in the Borough. To qualify for free installation, the facility must be within 200 feet of the Petitioner's active cable television plant. The Petitioner shall provide three free digital converters to each public building.
16. The Petitioner shall provide one Internet connection to one non-networked computer, free of charge, to the Borough library and Borough museum on Broad Street, both of which are research and learning centers.
17. Upon reasonable written request of the Borough, the Petitioner's representatives shall appear at least once annually at a public hearing of the governing body or before the Borough's Technical Advisory Committee, to discuss matters pertaining to the provision of cable television service to residents of the Borough and other related issues as the Borough and the Petitioner may deem appropriate.

Based upon these findings, the Board **HEREBY CONCLUDES**, pursuant to N.J.S.A. 48:5A-17(a) and 28(c), that the Petitioner has the municipal consent necessary to support the petition, that such consent and issuance thereof are in conformity with the requirements of N.J.S.A. 48:5A-1 et seq., except as modified above, that the Petitioner has complied or is ready, willing and able to comply with all applicable rules and regulations imposed by or pursuant to State and Federal law as preconditions for engaging in the proposed cable television operations, that the Petitioner has sufficient financial and technical capacity, meets the legal, character and other qualifications necessary to construct, maintain and operate the necessary installations, lines and equipment, and is capable of providing the proposed service in a safe, adequate and proper manner.

Therefore, the Petitioner is **HEREBY ISSUED** this Renewal Certificate of Approval as evidence of Petitioner's continued authority to construct and operate a cable television system within the entirety of the Borough.

This Renewal Certificate is subject to all applicable State and Federal laws, the rules and regulations of the Office of Cable Television, and any such lawful terms, conditions and limitations as currently exist or may hereafter be attached to the exercise of the privileges granted herein.

The Petitioner shall adhere to the standards set forth by the Federal Communications Commission's rules and regulations, 47 C.F.R. § 76.1 et seq., including but not limited to, the technical standards 47 C.F.R. § 76.601 through § 76.630. Any modifications to the provisions thereof shall be incorporated into this Certificate.

Failure to comply with all applicable laws, rules, regulations and orders of the Board or Office of Cable Television and/or the terms, conditions and limitations set forth herein may constitute sufficient grounds for the suspension or revocation of this Certificate.

This Renewal Certificate is issued on the representation that the statements contained in the Petitioner's applications are true, and the undertakings therein contained shall be adhered to and enforceable unless specific waiver is granted by the Office of Cable Television pursuant to the authority contained in N.J.S.A. 48:5A-1 et seq.

This Certificate shall expire on February 5, 2027.

This order shall be effective on June 10, 2013.

APPENDIX "I"
OFFICE OF CABLE TELEVISION
LINE EXTENSION POLICY

COMCAST OF MONMOUTH COUNTY, LLC
BOROUGH OF EATONTOWN

A cable operator is required to absorb the cost of extensions to the system in the same proportion that the extension is to the remainder of the system.

Actual subscribers served by the extension are required to absorb the remainder of the cost.

If new subscribers are added to the extension the cost is adjusted and those who previously paid receive an appropriate rebate.

- | | | |
|---|---|---|
| 1. <u># of homes in extension</u>
mileage of extension | = | homes per mile (HPM) of
extension |
| 2. <u>HPM of extension</u>
Minimum HPM that
company actually
constructs in the
system * | = | ratio of the density of
the extension to the
minimum density which the
company constructs in the
system ("A") |
| 3. Total cost of building
the extension times "A" | = | company's share of
extension cost |
| 4. Total cost of building
extension less company's
share of extension cost | = | total amount to be
recovered from
subscribers |
| 5. Total amount to be
<u>recovered from subs</u>
Total subscribers in extension | = | each subscriber's share |

In any case, the company shall extend its plant along public rights of way to:

1. All residences and businesses within 150 aerial feet of the operator's existing plant at no cost beyond the normal installation rate.
2. All residences and businesses within 100 underground feet of the operator's plant at no cost beyond the normal installation rate.

* The minimum HPM that the company actually constructs in the system or municipality is the minimum number of homes that the company has historically constructed at its own cost. This is a function of the operator's break-even point and its rate of return. Unbuilt systems will use the primary service area rather than construction.

The operator's installation policies shall apply to construction beyond the public right of way.

Detailed accounting and/or financial information to support the minimum HPM shall be supplied to the Office for its approval in such form as required. The minimum HPM shall be updated as appropriate.

When a request for service is received, and unless good cause is shown, cable companies shall:

1. Provide a written estimate within 30 days of such a request.
2. Begin construction within 60 days of receipt of any deposit monies from potential subscribers.
3. Complete construction within six months of receipt of any deposit monies from potential subscribers.
4. Inform each home passed along the extension of the potential costs for subscribers.

Subscribers who pay for an extension shall be entitled to rebates in the following manner:

1. If the company acquires new subscribers subsequent to the initial calculation of step 5 above, the formula will be adjusted and those who have previously paid for the extension will be entitled to an appropriate rebate. In no event shall the amount of the rebate exceed the subscriber's contribution.
2. The company shall keep accurate records of the cost of the extension, the amounts paid by subscribers and any appropriate adjustments.
3. The company shall notify subscribers in the extension of their rights and responsibilities concerning the extension.
4. Once an individual dwelling has paid its share of the extension cost future reconnections or installations shall be made at the company's standard rates.
5. After a period of five years from the installation of the first dwelling unit in the extension no further adjustments shall be made. Installations after five years shall be at the company's standard rate.
6. Once a subscriber is installed, that person shall not normally be entitled to a refund of any monies paid for the installations, except in accordance with the rebate procedure outlined in this policy.

Definitions

Primary Service Area

The Primary Service Area (PSA) can be an entire municipality, but in many instances the PSA is a limited area within a community outside of which a line extension policy may apply. The PSA is depicted by a franchise map and narrative, presented and recorded during the franchise proceedings. It normally remains a fixed geographic area throughout the life of the franchise.

Line Extension Survey

Potential subscribers residing outside the PSA who request service are entitled to an estimate of their share of the cost to secure service. When conducting a survey and estimating costs, a cable company should factor in all potential subscribers who could practicably be included in the extension and give consideration to apparent residential construction in areas contiguous to the proposed extension.
