**BY THE BOARD:**

On November 15, 2013, New Jersey American Water Company, Inc. ("Petitioner" or "Company"), a public utility of the State of New Jersey, filed a petition with the Board of Public Utilities ("Board") pursuant to N.J.A.C. 14:9-7.1 et seq. and 14:9-8.1 et seq., for approval to change the levels of its existing Purchased Water Adjustment Clause ("PWAC") charge and Purchased Wastewater (sewerage) Treatment Adjustment Clause ("PSTAC") charges, with respect to increased purchased water expense and increased purchased wastewater treatment expense. The total amount originally requested was an overall increase of \$4,483,878 or 0.69% above estimated total Company revenues of \$653,210,852. As a result of settlement discussions, the Petitioner, the Division of Rate Counsel ("Rate Counsel") Board Staff ("Staff") (collectively the "Signatory Parties") have agreed to a total overall stipulated increase of \$1,342,760 or 0.21% above total Company revenues of \$653,201,643.

Petitioner services approximately 605,000 general metered water customers and approximately 35,500 sewer customers in all or part of 188 municipalities in 18 of the State's 21 counties.

Petitioner purchases water on a routine basis from twelve separate entities and purchases wastewater treatment services from three separate entities, each of which adjusts its rates for service, and, in the case of wastewater treatment service providers, issues sewerage deficit/credit adjustments, at different times throughout the year. The twelve water purveyors

are: Passaic Valley Water Commission; Morris County Municipal Utilities Authority; Montclair Water Bureau; Shorelands Water Company; New Jersey Water Supply Authority; Atlantic City Municipal Utilities Authority; City of Wildwood; Borough of Seaside Heights; City of Newark; Township of Maple Shade; East Windsor Municipal Utilities Authority; and Marlboro Township Municipal Utilities Authority. The three sewerage treatment purveyors are: Cape May County Municipal Utilities Authority for the Petitioner's Ocean City Sewer tariff group; Ocean County Utilities Authority for the Petitioner's Lakewood Sewer tariff group; and Howell Township for the Petitioner's Adelpia Sewer tariff group.

In In the Matter of New Jersey American Water Company, Elizabethtown Water Company, and Mount Holly Water Company (Docket No. WR06030257, April 2, 2007), the Board ordered that all purchased water costs and purchased wastewater treatment costs be removed from base rates and recovered through the PWAC and PSTAC as applicable. In the petition filed within the instant proceeding, Petitioner proposed to increase its PWAC rate in PWAC Rate Schedule O-1 from \$0.4368 per thousand gallons of water to \$0.4810 per thousand gallons of water for Non-Exempt customers. Petitioner proposed to increase its PWAC rate from \$0.3767 per thousand gallons of water to \$0.4148 per thousand gallons for Exempt customers. It also proposed to address its PSTAC charges as follows:

For customers in Lakewood Township, Ocean County, the rate per thousand gallons of prior year's winter water quarter usage (January, February and March meter readings) as reflected in PSTAC Rate Schedule 2-B, would increase from \$3.7037 per thousand gallons to \$4.0035 per thousand gallons.

For customers in Ocean City, Cape May County, the rate per thousand gallons of prior year's summer water quarter usage (July, August and September meter readings) as reflected in PSTAC Rate Schedule 1-B, would increase from \$24.2983 per thousand gallons to \$25.5426 per thousand gallons.

For customers in the Adelpia section of Howell Township, Monmouth County, the rate per thousand gallons of water as reflected in PSTAC Rate Schedule 3-B, would increase from \$6.033 per thousand gallons to \$6.7920 per thousand gallons.

## **BACKGROUND/PROCEDURAL HISTORY**

This matter was transmitted to the Office of Administrative Law ("OAL") on November 21, 2013, as a contested case and was assigned to Administrative Law Judge ("ALJ") Elia A. Pelios. A telephonic prehearing conference was held on January 27, 2014, with ALJ Pelios during which, among other things, the ALJ directed that public hearings be held on this matter.

On November 12, 2013, Middlesex Water Company (Middlesex) filed a motion to intervene in the instant proceeding. On February 20, 2013, the motion was granted by ALJ Pelios. After proper notice, four public hearings were held in following locations in Petitioner's service area: in Howell Township on February 12, 2014 at 6:00 p.m.; in Ocean City on February 11, 2014 at 2:00 p.m.; in Maplewood on February 12, 2014 at 2:00 p.m.; in Westhampton on February 11, 2013 at 6:00 p.m. No member of the public appeared at the Westampton, Maplewood or Howell public hearings. Ten (10) members of the public attended the Ocean City public hearing, which had public testimony on the record. The Company will be scheduled a follow-up meeting in the

Spring, with the Ocean City Utility Advisory Board, to address all of the questions asked at the Ocean City Public Hearing.

Subsequent to the public hearings, the Petitioner, Rate Counsel, Staff and Middlesex engaged in settlement negotiations. On February 28, 2014, the Signatory Parties entered into a Stipulation of Settlement ("Stipulation"). The intervener, Middlesex, submitted a letter to ALJ Pelios, on February 25, 2014, stating that it had no objection to the Stipulation.

On March 10, 2014 ALJ Pelios issued his Initial Decision recommending adoption of the Stipulation executed by the Signatory Parties, finding that they had voluntarily agreed to the Stipulation and that the Stipulation fully disposes of all issues and is consistent with the law.

### **DISCUSSIONS AND FINDINGS<sup>1</sup>**

The Signatory Parties recommend that the Board approve a change to Petitioner's PWAC rate on PWAC Rate Schedule O-1 from \$0.4368 per thousand gallons of water for Non-Exempt customers to \$0.4525 per thousand gallons of water for Non-Exempt customers and from \$0.3767 per thousand gallons of water for Exempt customers to \$0.3902 per thousand gallons of water for Exempt customers.

The Signatory Parties further recommend that the Board permit Petitioner to change its effective PSTAC charges as follows (including the effects of rate compression):

For Lakewood Township, Ocean County, the rate per thousand gallons of prior year's winter quarter as reflected within PSTAC Rate Schedule 2-B will decrease from \$3.7037 per thousand gallons to \$3.7965 per thousand gallons.

For customers in Ocean City, Cape May County, the rate per thousand gallons of prior year's summer water quarter usage (July, August and September meter readings) as reflected upon PSTAC Rate Schedule 1-B, will decrease from \$24.2983 per thousand gallons to \$24.0083 per thousand gallons.

For customers in the Adelphia section of Howell Township, Monmouth County, the rate per thousand gallons of water as reflected upon PSTAC Rate Schedule 3-B, will increase from \$6.0933 per thousand gallons to \$6.4594 per thousand gallons.

---

<sup>1</sup> Although described in this Order at some length, should there be any conflict between this summary and the Stipulation, the terms of the Stipulation control, subject to the findings and conclusions in this Order.

The effective PWAC rate change would result in an increase in the annual bill of an average residential customer utilizing 6,500 gallons per month as follows:

	<u>Present Monthly Bill</u>	<u>Proposed Per month</u>	<u>Amount Increase</u>	<u>Percentage Increase</u>
SA-1	\$52.05	\$52.15	\$0.10	0.19%
SA-1B Pennsgrove	\$38.28	\$38.38	\$0.10	0.26%
SA-1D	\$45.69	\$45.68	\$0.10	0.22%
SA-2, SA-3 & SA-1A	\$49.51	\$49.51	\$0.11	0.22%
SA-2 Manville	\$45.08	\$46.08	\$0.10	0.22%
SA-3 Southampton	\$42.67	\$42.67	\$0.10	0.23%

The PSTAC rate changes will result in: (a) an increase for a typical residential sewer service customer in Lakewood Township, Ocean County utilizing 18,000 gallons of water in the winter quarter of \$0.56 per month or 0.97%; (b) a decrease to an average sewer service customer in Ocean City, Cape May County utilizing 20,000 gallons in the summer quarter and 44,000 gallons of water per year of (\$0.48) per month or (0.73%); and (c) an increase to an average sewer service customer in the Adelpia section of Howell Township, Monmouth County utilizing 48,000 gallons of water per year, of \$1.47 per month or 2.28%.

These PWAC and PSTAC rates are calculated as being effective April 1, 2014.

The Parties have agreed on a methodology for calculating the amount of interest to be applied to over-recoveries within the PWAC. This method is described as follows: Total PWAC True-up balance (Over)/Under-recovered (which is the adjusted total purchased water expense minus total PWAC revenues net of cost recoveries for the current month) of the current month, plus the total PWAC cumulative true-up balance (Over)/under recovery) of the prior month, minus the amortization of the PWAC true-up from the previous PWAC year of the current month. The Parties agree to review this methodology and adjust it as necessary and appropriate in future PWAC proceedings.

Having reviewed the Initial Decision and the Stipulation of Settlement, the Board **HEREBY FINDS** that the Signatory Parties have voluntarily agreed to the Stipulation, and that the Stipulation fully disposes of all issues in this proceeding and is consistent with the law. The Board **FURTHER FINDS** the Initial Decision, which adopts the Stipulation to be reasonable, in the public interest, and in accordance with the law. Therefore, the Board **HEREBY ADOPTS** the Initial Decision and the Stipulation, attached hereto, including all attachments and schedules, as its own, incorporating by reference the terms and conditions of the Stipulation, as if they were fully set forth at length herein, subject to the following:

In accordance with the provisions of N.J.A.C. 14:9-7.3 (c) and 14:9-8.3 (c), the Petitioner shall file with the Board, no later than 45 days after the adjustment clause has been in effect for one year, a PWAC true-up schedule in connection with this proceeding. Copies of the true-up schedule shall be served upon all parties to the present proceeding.

The Board **HEREBY ACCEPTS** the tariff pages attached to the Stipulation as filed with the Board, to be effective on April 1, 2014.

The effective date of this Order is April 1, 2014.

**TO THE HONORABLE BOARD OF PUBLIC UTILITIES:**

On November 15, 2013, New Jersey-American Water Company, Inc. ("Petitioner"), a public utility of the State of New Jersey, filed a Petition with the Board of Public Utilities ("Board") pursuant to N.J.A.C. 14:9-7.1 et seq. and 14:9-8.1 et seq., for approval to change the levels of its existing purchased water adjustment clause ("PWAC") charge and purchased wastewater (sewerage) treatment adjustment clause ("PSTAC") charges, with respect to increased purchased water expense and increased purchased wastewater treatment expense. The total amount originally requested was an increase of \$4,483,878 or 0.69% above total Company revenues of \$653,210,852. As a result of settlement discussions, the Signatory Parties indicated

below have agreed to a total overall stipulated increase of \$1,342,760 or 0.21% above total Company revenues of \$653,201,643.

Petitioner purchases water on a routine basis from twelve separate entities and purchases wastewater treatment services from three separate entities, each of which adjusts its rates for service, and, in the case of wastewater treatment service providers, issues sewerage deficit/credit adjustments, at different times throughout the year. The twelve water purveyors are: Passaic Valley Water Commission; Morris County Municipal Utilities Authority; Montclair Water Bureau; Shorelands Water Company; New Jersey Water Supply Authority; Atlantic City Municipal Utilities Authority; City of Wildwood; Borough of Seaside Heights; City of Newark; Township of Maple Shade; East Windsor Municipal Utilities Authority; and Marlboro Township Municipal Utilities Authority. The three sewerage treatment purveyors are: Cape May County Municipal Utilities Authority for the Petitioner's Ocean City Sewer tariff group; Ocean County Utilities Authority for the Petitioner's Lakewood Sewer tariff group; and Howell Township for the Petitioner's Adelpia Sewer tariff group.

In Docket No. WR06030257 (April 2, 2007) , the Board ordered that all purchased water costs and purchased wastewater treatment costs be removed from base rates and recovered through the PWAC and PSTAC as applicable. In the Petition filed within the instant proceeding, Petitioner proposed to increase its PWAC rate upon PWAC Rate Schedule O-1 from \$0.4368 per thousand gallons of water to \$0.4810 per thousand gallons of water for Non-Exempt customers. Petitioner proposed to increase its PWAC rate from \$0.3767 per thousand gallons of water to \$0.4148 per thousand gallons for Exempt customers. It also proposed to address its PSTAC charges as follows:

- For Lakewood Township, Ocean County, the rate per thousand gallons of prior year's winter quarter usage (January, February and March meter

readings) as reflected upon PSTAC Rate Schedule 2-B, would change from \$3.7037 per thousand gallons to \$4.0035 per thousand gallons.

- For customers in Ocean City, Cape May County, the rate per thousand gallons of prior year's summer water quarter usage (July, August and September meter readings) as reflected upon PSTAC Rate Schedule 1-B, would change from \$24.2983 per thousand gallons to \$25.5426 per thousand gallons.
- For customers in the Adelpia section of Howell Township, Monmouth County, the rate per thousand gallons of water as reflected upon PSTAC Rate Schedule 3-B, would change from \$6.033 per thousand gallons to \$6.7920 per thousand gallons.

The Board transmitted this matter to the Office of Administrative Law (the "OAL") as a contested case. A telephonic prehearing conference was held with the Honorable Elia A. Pelios, Administrative Law Judge, during which, among other things, Judge Pelios directed that public hearings be held on this matter.

On November 12, 2013, Middlesex Water Company ("Middlesex") filed a motion to intervene in the instant proceeding. On January 27, 2014, during the telephonic prehearing conference, no party opposed Middlesex's motion and Judge Pelios indicated that the motion would be granted. Middlesex has been included on the service list, received all discovery, and participated in all conferences and meetings. Four public hearings were held in Petitioner's service area: in Howell Township on February 12 at 6 p.m. (no public attendees); Ocean City on February 11 at 2 p.m. (ten public attendees); Maplewood on February 12 at 2 p.m. (no public attendees); and Westampton on February 11 at 6 p.m. (no public attendees). The Ocean City hearing had public testimony on the record, and the Company is scheduling a follow-up meeting later in the spring with the Ocean City Utility Advisory Board to address all of the questions asked at the Ocean City public hearing.

The Division of Rate Counsel (“Rate Counsel”) and Board Staff served interrogatories on Petitioner, which were responded to in full by Petitioner. Petitioner, Board Staff, and Rate Counsel (“Signatory Parties”) and Middlesex participated in a discovery/settlement conference on February 24, 2014, after the public hearings had been held and public comment received into the record for consideration by all parties. As a result of discovery conducted and of the negotiations, the Signatory Parties have been able to reach agreement on this matter, the provisions of which are set forth below.

### SETTLEMENT AGREEMENT

1. The Signatory Parties recommend that the Board approve a change to Petitioner’s PWAC rate on PWAC Rate Schedule O-1 from \$0.4368 per thousand gallons of water for Non-Exempt customers to \$0.4525 per thousand gallons of water for Non-Exempt customers and from \$0.3767 per thousand gallons of water for Exempt customers to \$0.3902 per thousand gallons of water for Exempt customers.

2. The Signatory Parties further recommend that the Board permit Petitioner to change its effective PSTAC charges as follows:

- For Lakewood Township, Ocean County, the rate per thousand gallons of prior year’s winter quarter as reflected within PSTAC Rate Schedule 2-B will change from \$3.7037 per thousand gallons to \$3.7965 per thousand gallons.
- For customers in Ocean City, Cape May County, the rate per thousand gallons of prior year’s summer water quarter usage (July, August and September meter readings) as reflected upon PSTAC Rate Schedule 1-B, will change from \$24.2983 per thousand gallons to \$24.0083 per thousand gallons.
- For customers in the Adelpia section of Howell Township, Monmouth County, the rate per thousand gallons of water as reflected upon PSTAC Rate Schedule 3-B, will change from \$6.0933 per thousand gallons to \$6.4594 per thousand gallons.

3. The effective PWAC rate change would result in an increase in the annual bill of an average residential customer utilizing 6,500 gallons per month as follows:

	<b>Present Monthly Bill</b>	<b>Proposed Per Month</b>	<b>Amount Increase</b>	<b>Percentage Increase</b>
SA-1	\$52.05	\$52.15	\$0.10	0.19%
SA-1B Pennsgrove	\$38.28	\$38.38	\$0.10	0.26%
SA-1D	\$45.58	\$45.68	\$0.10	0.22%
SA-2, SA-3 & SA1A	\$49.40	\$49.51	\$0.11	0.22%
SA-2 Manville	\$45.98	\$46.08	\$0.10	0.22%
SA-3 Southampton	\$42.57	\$42.67	\$0.10	0.23%

4. The PSTAC rate changes, will result in: an increase for a typical residential sewer service customer in Lakewood Township, Ocean County utilizing 18,000 gallons of water in the winter quarter, of \$0.56 per month or 0.97%; a decrease to an average sewer service customer in Ocean City, Cape May County utilizing 20,000 gallons in the summer quarter and 44,000 gallons of water per year, of (\$0.48) per month or (0.73%); and an increase to an average sewer service customer in the Adelpia section of Howell Township, Monmouth County utilizing 48,000 gallons of water per year, of \$1.47 per month or 2.82%.

5. These PWAC and PSTAC rates are calculated as being effective April 1, 2014.

6. NJAWC plans to file its 2014 PWAC/PSTAC petition on or before November 15, 2014.

7. Within this Stipulation, the Signatory Parties have agreed on a methodology for calculating the amount of interest to be applied to over-recoveries within the PWAC. This method is described as follows: Total PWAC True-up balance (Over)/Under-recovered (which is the adjusted total purchased water expense minus total PWAC revenues net of cost recoveries for the current month) of the current month, plus the total PWAC cumulative true-up balance

(Over)/under recovery) of the prior month, minus the amortization of the PWAC true-up from the previous PWAC year of the current month. By way of example of this methodology, see Note 5, Schedule DMD-2, attached to this Stipulation. The Signatory Parties agree to review this methodology and adjust it as necessary and appropriate in future PWAC proceedings.

8. The PWAC/PSTAC rates established herein will increase annual revenues by \$1,342,760 or 0.21%.

9. In accordance with the provisions of N.J.A.C. 14:9-7.3(c) and 14:9-8.3(c), the Petitioner shall file with the Board, not later than 45 days after the adjustment clauses have been in effect for one year, PWAC and PSTAC true-up schedules in connection with this proceeding. Copies of the true-up schedules will be served upon Board Staff and Rate Counsel.

10. This Stipulation shall be binding on the Signatory Parties to this proceeding upon approval hereof by the Board. This Stipulation shall bind the Signatory Parties in this matter only and shall not be considered precedential in any other proceeding involving the Signatory Parties hereto.

11. This Stipulation contains terms, each of which is interdependent with the others and essential in its own right to the signing of this Stipulation. Each term is vital to the agreement as a whole, since the Signatory Parties individually and jointly state that they would not have signed the Stipulation had any term been modified in any way. In the event that any modifications whatsoever are made to this Stipulation, each of the Signatory Parties hereto is entitled to certain procedures in the event of such occurrence.

12. If any modification is made to the terms of this Stipulation, the Signatory Parties must be given the right to be placed in the position in which each Signatory Party was before this Stipulation was executed. It is essential that each Signatory Party be given the option either to

modify its own position, to accept the proposed change(s) or to resume the proceeding as if no agreement had been reached.

13. The Signatory Parties believe that these procedures are fair to all concerned and, therefore, they are made an integral and essential element of this Stipulation.

14. This Stipulation may be executed in as many counterparts as there are signatories to this Stipulation, each of which counterpart shall be an original, but all of which shall constitute one and the same instrument.

15. On February 25, 2014, Middlesex filed a letter with the OAL indicating that it did not object to the Stipulation.

**RATE SCHEDULE 1-A**  
GENERAL METERED SERVICE

APPLICABILITY

Applicable for general residential, commercial, industrial and municipal wastewater service in the City of Ocean City. The charge for wastewater service shall consist of the total of the Minimum Service Charge, the Sewer Usage Charge and the Purchased Wastewater Treatment Adjustment Clause (PSTAC) Charge, as defined under the Standard Terms and Conditions in this tariff. The PSTAC charge is included within the Minimum Service Charge rates reflected below.

CHARACTER OF SERVICE

Continuous, except as limited by the "Standard Terms and Conditions."

MINIMUM SERVICE CHARGE

All wastewater service customers shall pay a Minimum Service Charge in addition to the Sewer Usage Charge, if any, of \$26.26387 times the number of CCF (hundred cubic feet) or \$35.1121 times the number of thousand gallons of water usage at that property during the prior summer quarter, but in no case less than \$262.64 for non-exempt customers. Exempt charges are \$25.15381 per CCF or \$33.6281 per thousand gallons, but in no case less than \$251.54. Included within the Minimum Service Charges are \$17.95821 per CCF or \$24.0083 per thousand gallons for the PSTAC. On a percentage basis, the PSTAC represents 68.3762% (\$24.0083 / \$35.1121) non-exempt or 71.3937% (\$24.0083 / \$33.6281) exempt, of the Minimum Service Charge. Summer quarter consumption shall be determined based on an initial meter reading taken in June with the concluding meter reading taken approximately 90 days thereafter in September.

SEWER USAGE CHARGE

The volume of sewer use is assumed to equal water meter registration. Charges shall be based on water consumption as indicated by water meter readings on a monthly or quarterly basis at the option of the Company.

	<u>Gallons Per Month</u>	<u>Gallons Per Quarter</u>	<u>Rate Per 100 Gallons</u>	<u>Rate Per 1,000 Gallons</u>
Non-Exempt	All	All	\$0.18698	\$1.8698
Exempt	All	All	\$0.16199	\$1.6199

	<u>Cubic Feet Per Month</u>	<u>Cubic Feet Per Quarter</u>	<u>Rate Per 10 Cubic Feet</u>	<u>Rate Per 100 Cubic Feet</u>
Non-Exempt	All	All	\$0.139861	\$1.39861
Exempt	All	All	\$0.121169	\$1.21169

TERMS OF PAYMENT

The following plan for payment of the Minimum Service Charge is offered as a convenience to our customers and does not relieve the customer of the liability to pay the entire Minimum Service Charge if wastewater service is rendered for only a portion of the year.

For monthly billed customers, one-twelfth of the Minimum Service Charge shall be due and payable upon receipt of the regular bill for wastewater service. For quarterly billed customers, one-third of the Minimum Service Charge shall be due and payable upon receipt of the March billing, the June billing and the September billing for wastewater service.

If the Company determines by application of the following criteria that the customer's past record of payments does not warrant application of this payment plan, the Company may require payment of the entire service charge at one time rather than in installments.

1. If a customer has been terminated at least once in the past two years for non-payment of a bill for wastewater service; or,
2. If a customer receives three (3) Final Reminder Notices during a twelve month period.

In addition, in the case of a reactivated account, the customer will be required to pay any installment(s) which would have been billed if the account had been active as of January 1. A new account will be required to pay a pro-rata share of the Minimum Service Charge based on the period of service to be rendered during that year.

Usage charges based upon meter readings shall be billed in monthly in arrears (or quarterly at the option of the Company).

Valid bills for service furnished under this schedule are due fifteen (15) days from the date of the postmark on the envelope in which the bill was transmitted. All bills shall list a due date.

Record Closed: March 5, 2014

Decided: March 5, 2014

BEFORE ELIA A. PELIOS, ALJ:

This proceeding involves a petition by New Jersey American Water Company, Inc., for approval of a purchased water adjustment clause and purchased sewerage treatment adjustment clause. The petition was transmitted to the Office of Administrative Law on December 17, 2013, for determination as a contested case. Duly noticed public hearings were held in Ocean City, New Jersey, and Westampton Township, New Jersey on February 11, 2014, and in Howell, New Jersey, and Maplewood, New Jersey, on February 12, 2014. Ten members of the public appeared on February 11, 2014, in Ocean City, with public testimony provided on the record. No members of the public appeared in Maplewood, Freehold or Westampton. No written comments were submitted by the public.

The parties filed on February 28, 2014, a Stipulation of Settlement (J-1) which resolves all issues in this proceeding. Said Stipulation of Settlement has been signed by all parties, indicates the terms of settlement, and is attached and fully incorporated herein.

A motion to intervene was filed on behalf of Middlesex Water Company on November 12, 2013. No opposition was filed and the motion is hereby **GRANTED**. Middlesex Water Company has conveyed that it does not object to the stipulation (I-1).

I have reviewed the terms of settlement and I **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by their signatures or their representatives' signatures on the attached document.
2. The settlement fully disposes of all issues in controversy between the parties and is consistent with the law.

On March 4, 2014, petitioner informed this office by way of letter (P-1) that the stipulation of settlement (J-1) contains a typographical error in that it states that the petition was filed on November 15, 2013 when it was actually filed on November 1, 2013. All parties have been alerted to the existence of the typographical error. I **FIND** and **CONCLUDE** that the typographical error does not materially affect the appropriateness of the settlement; the voluntary nature of the parties' entering into it; its disposing of all issues in controversy between the parties; or, its consistency with the law.

I hereby **FILE** my initial decision with the **BOARD OF PUBLIC UTILITIES** for consideration.

This recommended decision may be adopted, modified or rejected by the **BOARD OF PUBLIC UTILITIES**, which by law is authorized to make a final decision in this matter. If the Board of Public Utilities does not adopt, modify or reject this decision within forty-five days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.

Kenneth J. Quinn, Esq., on behalf of Middlesex Water Company, Intervenor

**TO THE HONORABLE BOARD OF PUBLIC UTILITIES:**

On November 15, 2013, New Jersey-American Water Company, Inc. ("Petitioner"), a public utility of the State of New Jersey, filed a Petition with the Board of Public Utilities ("Board") pursuant to N.J.A.C. 14:9-7.1 et seq. and 14:9-8.1 et seq., for approval to change the levels of its existing purchased water adjustment clause ("PWAC") charge and purchased wastewater (sewerage) treatment adjustment clause ("PSTAC") charges, with respect to increased purchased water expense and increased purchased wastewater treatment expense. The total amount originally requested was an increase of \$4,483,878 or 0.69% above total Company revenues of \$653,210,852. As a result of settlement discussions, the Signatory Parties indicated

below have agreed to a total overall stipulated increase of \$1,342,760 or 0.21% above total Company revenues of \$653,201,643.

Petitioner purchases water on a routine basis from twelve separate entities and purchases wastewater treatment services from three separate entities, each of which adjusts its rates for service, and, in the case of wastewater treatment service providers, issues sewerage deficit/credit adjustments, at different times throughout the year. The twelve water purveyors are: Passaic Valley Water Commission; Morris County Municipal Utilities Authority; Montclair Water Bureau; Shorelands Water Company; New Jersey Water Supply Authority; Atlantic City Municipal Utilities Authority; City of Wildwood; Borough of Seaside Heights; City of Newark; Township of Maple Shade; East Windsor Municipal Utilities Authority; and Marlboro Township Municipal Utilities Authority. The three sewerage treatment purveyors are: Cape May County Municipal Utilities Authority for the Petitioner's Ocean City Sewer tariff group; Ocean County Utilities Authority for the Petitioner's Lakewood Sewer tariff group; and Howell Township for the Petitioner's Adelpia Sewer tariff group.

In Docket No. WR06030257 (April 2, 2007), the Board ordered that all purchased water costs and purchased wastewater treatment costs be removed from base rates and recovered through the PWAC and PSTAC as applicable. In the Petition filed within the instant proceeding, Petitioner proposed to increase its PWAC rate upon PWAC Rate Schedule O-1 from \$0.4368 per thousand gallons of water to \$0.4810 per thousand gallons of water for Non-Exempt customers. Petitioner proposed to increase its PWAC rate from \$0.3767 per thousand gallons of water to \$0.4148 per thousand gallons for Exempt customers. It also proposed to address its PSTAC charges as follows:

- For Lakewood Township, Ocean County, the rate per thousand gallons of prior year's winter quarter usage (January, February and March meter

readings) as reflected upon PSTAC Rate Schedule 2-B, would change from \$3.7037 per thousand gallons to \$4.0035 per thousand gallons.

- For customers in Ocean City, Cape May County, the rate per thousand gallons of prior year's summer water quarter usage (July, August and September meter readings) as reflected upon PSTAC Rate Schedule 1-B, would change from \$24.2983 per thousand gallons to \$25.5426 per thousand gallons.
- For customers in the Adelpia section of Howell Township, Monmouth County, the rate per thousand gallons of water as reflected upon PSTAC Rate Schedule 3-B, would change from \$6.033 per thousand gallons to \$6.7920 per thousand gallons.

The Board transmitted this matter to the Office of Administrative Law (the "OAL") as a contested case. A telephonic prehearing conference was held with the Honorable Elia A. Pelios, Administrative Law Judge, during which, among other things, Judge Pelios directed that public hearings be held on this matter.

On November 12, 2013, Middlesex Water Company ("Middlesex") filed a motion to intervene in the instant proceeding. On January 27, 2014, during the telephonic prehearing conference, no party opposed Middlesex's motion and Judge Pelios indicated that the motion would be granted. Middlesex has been included on the service list, received all discovery, and participated in all conferences and meetings. Four public hearings were held in Petitioner's service area: in Howell Township on February 12 at 6 p.m. (no public attendees); Ocean City on February 11 at 2 p.m. (ten public attendees); Maplewood on February 12 at 2 p.m. (no public attendees); and Westampton on February 11 at 6 p.m. (no public attendees). The Ocean City hearing had public testimony on the record, and the Company is scheduling a follow-up meeting later in the spring with the Ocean City Utility Advisory Board to address all of the questions asked at the Ocean City public hearing.

The Division of Rate Counsel ("Rate Counsel") and Board Staff served interrogatories on Petitioner, which were responded to in full by Petitioner. Petitioner, Board Staff, and Rate Counsel ("Signatory Parties") and Middlesex participated in a discovery/settlement conference on February 24, 2014, after the public hearings had been held and public comment received into the record for consideration by all parties. As a result of discovery conducted and of the negotiations, the Signatory Parties have been able to reach agreement on this matter, the provisions of which are set forth below.

### SETTLEMENT AGREEMENT

1. The Signatory Parties recommend that the Board approve a change to Petitioner's PWAC rate on PWAC Rate Schedule O-1 from \$0.4368 per thousand gallons of water for Non-Exempt customers to \$0.4525 per thousand gallons of water for Non-Exempt customers and from \$0.3767 per thousand gallons of water for Exempt customers to \$0.3902 per thousand gallons of water for Exempt customers.

2. The Signatory Parties further recommend that the Board permit Petitioner to change its effective PSTAC charges as follows:

- For Lakewood Township, Ocean County, the rate per thousand gallons of prior year's winter quarter as reflected within PSTAC Rate Schedule 2-B will change from \$3.7037 per thousand gallons to \$3.7965 per thousand gallons.
- For customers in Ocean City, Cape May County, the rate per thousand gallons of prior year's summer water quarter usage (July, August and September meter readings) as reflected upon PSTAC Rate Schedule 1-B, will change from \$24.2983 per thousand gallons to \$24.0083 per thousand gallons.
- For customers in the Adelphia section of Howell Township, Monmouth County, the rate per thousand gallons of water as reflected upon PSTAC Rate Schedule 3-B, will change from \$6.0933 per thousand gallons to \$6.4594 per thousand gallons.

3. The effective PWAC rate change would result in an increase in the annual bill of an average residential customer utilizing 6,500 gallons per month as follows:

	<u>Present Monthly Bill</u>	<u>Proposed Per Month</u>	<u>Amount Increase</u>	<u>Percentage Increase</u>
SA-1	\$52.05	\$52.15	\$0.10	0.19%
SA-1B Pennsgrove	\$38.28	\$38.38	\$0.10	0.26%
SA-1D	\$45.58	\$45.68	\$0.10	0.22%
SA-2, SA-3 & SA1A	\$49.40	\$49.51	\$0.11	0.22%
SA-2 Manville	\$45.98	\$46.08	\$0.10	0.22%
SA-3 Southampton	\$42.57	\$42.67	\$0.10	0.23%

4. The PSTAC rate changes, will result in: an increase for a typical residential sewer service customer in Lakewood Township, Ocean County utilizing 18,000 gallons of water in the winter quarter, of \$0.56 per month or 0.97%; a decrease to an average sewer service customer in Ocean City, Cape May County utilizing 20,000 gallons in the summer quarter and 44,000 gallons of water per year, of (\$0.48) per month or (0.73%); and an increase to an average sewer service customer in the Adelphia section of Howell Township, Monmouth County utilizing 48,000 gallons of water per year, of \$1.47 per month or 2.82%.

5. These PWAC and PSTAC rates are calculated as being effective April 1, 2014.

6. NJAWC plans to file its 2014 PWAC/PSTAC petition on or before November 15, 2014.

7. Within this Stipulation, the Signatory Parties have agreed on a methodology for calculating the amount of interest to be applied to over-recoveries within the PWAC. This method is described as follows: Total PWAC True-up balance (Over)/Under-recovered (which is the adjusted total purchased water expense minus total PWAC revenues net of cost recoveries for the current month) of the current month, plus the total PWAC cumulative true-up balance

(Over)/under recovery) of the prior month, minus the amortization of the PWAC true-up from the previous PWAC year of the current month. By way of example of this methodology, see Note 5, Schedule DMD-2, attached to this Stipulation. The Signatory Parties agree to review this methodology and adjust it as necessary and appropriate in future PWAC proceedings.

8. The PWAC/PSTAC rates established herein will increase annual revenues by \$1,342,760 or 0.21%.

9. In accordance with the provisions of N.J.A.C. 14:9-7.3(c) and 14:9-8.3(c), the Petitioner shall file with the Board, not later than 45 days after the adjustment clauses have been in effect for one year, PWAC and PSTAC true-up schedules in connection with this proceeding. Copies of the true-up schedules will be served upon Board Staff and Rate Counsel.

10. This Stipulation shall be binding on the Signatory Parties to this proceeding upon approval hereof by the Board. This Stipulation shall bind the Signatory Parties in this matter only and shall not be considered precedential in any other proceeding involving the Signatory Parties hereto.

11. This Stipulation contains terms, each of which is interdependent with the others and essential in its own right to the signing of this Stipulation. Each term is vital to the agreement as a whole, since the Signatory Parties individually and jointly state that they would not have signed the Stipulation had any term been modified in any way. In the event that any modifications whatsoever are made to this Stipulation, each of the Signatory Parties hereto is entitled to certain procedures in the event of such occurrence.

12. If any modification is made to the terms of this Stipulation, the Signatory Parties must be given the right to be placed in the position in which each Signatory Party was before this Stipulation was executed. It is essential that each Signatory Party be given the option either to

modify its own position, to accept the proposed change(s) or to resume the proceeding as if no agreement had been reached.

13. The Signatory Parties believe that these procedures are fair to all concerned and, therefore, they are made an integral and essential element of this Stipulation.

14. This Stipulation may be executed in as many counterparts as there are signatories to this Stipulation, each of which counterpart shall be an original, but all of which shall constitute one and the same instrument.

15. On February 25, 2014, Middlesex filed a letter with the OAL indicating that it did not object to the Stipulation.

 (1) Reflects credit against prior period debt service payments.  
 (2) Purchased Water expense reflects actuals except for estimates utilized for February through March 2014 activity. The estimated activity is based on a 3-year average usage of year ended 3/31/11, 3/31/12, and 3/31/13 for that invoiced month, multiplied by the applicable effective rate. The exceptions to this estimate process are NJWSA-Manasquan and NJWSA-Raritan (utilize the contract usage and rate as of 7/1/13).  
 (3) Interest paid for late payment is removed from total expense.
