NOTICE¹

New Jersey Solar Transition

Staff Straw Proposal ("Straw Proposal")

The Staff of the New Jersey Board of Public Utilities ("BPU") invites all interested parties and members of the public to participate in the continued public stakeholder process to fully inform the design of the New Jersey solar transition required by P.L. 2018, c.17 (the "Clean Energy Act"). This process will include the comments and input received previously, and will build upon the experience of the State and of other jurisdictions. This approach is intended to be completed by the statutory deadline, and to provide stakeholders the certainty necessary for continued success for the solar industry.

Stakeholders are invited to attend the second Solar Transition Stakeholder Meeting on Tuesday, February 12, 2019.

Location: New Jersey Institute of Technology
150 Bleeker Street, Newark, NJ 07102
The Atrium, first floor of Campus Center
Time: 4:00 p.m.

Parking is available at the parking deck located at 154 Summit Street, Newark NJ.

Stakeholders are advised that this Stakeholder Meeting is the second and final meeting organized to discuss the [Staff Straw Proposal](#) on the New Jersey Solar Transition. It therefore covers the same agenda as the first Stakeholder Meeting held on January 18, 2019.

Stakeholders wishing to speak are asked to register in advance to solar.transitions@bpu.nj.gov no later than 5:00 p.m. on Friday, February 8, 2019, however registration is not required.

A handwritten signature in blue ink that reads "Aida Camacho-Welch".

Aida Camacho-Welch
Secretary of the Board

Dated: February 8, 2019
