NOTICE¹

New Jersey 2019/2020 Solar Transition Webinar and Stakeholder Meetings

Pursuant to the "Open Public Meetings Act", N.J.S.A. 10:4-6 et seq., the New Jersey Board of Public Utilities ("BPU") hereby gives notice of two Public Meetings to discuss the proposed 2019/2020 NJ Solar Transition Incentive Staff Straw Proposal, which is scheduled to be released on August 23, 2019.

Pursuant to the Clean Energy Act of 2018 ("Act") Board Staff has been working with a consultant and stakeholders on a Solar Transition process, including measures to close the current SREC Program ("Legacy SREC Program"), and design a successor solar incentive mechanism ("Successor Program"). The 2019/2020 NJ Solar Transition Incentive Staff Straw Proposal will address the need for an incentive program which bridges the gap between the Legacy and Successor Programs.

Board Staff will be issuing the 2019/2020 NJ Solar Transition Incentive Staff Straw Proposal and associated questions for public comments, on Friday, August 23, 2019.

In order to continue dialogue with stakeholders, Staff is planning to hold one webinar, and two Stakeholder Meetings to receive feedback on the 2019/2020 NJ Solar Transition Incentive Staff Straw Proposal, as well as an opportunity to address the questions in writing.

The webinar will be held on Friday, August 23, 2019 at 10:00 a.m. To access the webinar, please use the following link from your computer or smartphone:
